

Pro Lock II: Door and Door Hardware Installation

Take your locksmith skills and career to the next level - become a Door and Door Hardware Installer.

Course Topics

- Proper identification of rough openings and installing appropriate door frames
- Sound sealing frames for high security door installations
- Installing and servicing door hinges
- Door frame preparation for surface mounted electric strikes
- Installation, servicing, and ADA/NFPA requirement for exit devices with exit trim

Prerequisites: None

Course Includes

- Pro Lock II manual
- Basic & specialty tools

Course Benefits

Covers KSA requirements for OPM
Grades 8 & 9 Locksmith
NEC 9583 Locksmith

This five day hands-on course provides you with a comprehensive knowledge of doors, door frames and door hardware installation. The training you receive in this course will provide you with the skills to competently work in the field as a door & door hardware installation technician. Students also gain the knowledge to skillfully make hardware recommendations for exit/entrance doors that meet or exceed requirements of the ADA and NFPA101.

Course Length - 5 Days

Course Tuition - \$2,500

One Time Student Enrollment Fee - \$100
